

Knowledge Boxes about forests

What is a forest?

Diversity of forests and trees

Magnificent benefits of forests

Forest fruits and resources

Let's save our forests!

Edukativni materijali realizirani uz potporu
Forest Stewardship Council® - Adria-Balkan
region program - FSC® F000100

Title: Knowledge Boxes about forests

Forest knowledge boxes were created to supplement school curriculum in primary and secondary schools in Croatia. They are intended for teachers to design lessons and for students to use for individual and group study and research.

Author and editor: Ana Fornažar

Contributors: Cristiana Rodrigues, Diego Florian

Proofreader: Duška Palibrk

Graphic layout and design: Sacrix

Publishers: Forest Stewardship Council® Adria - Balkan, Model Forest Istria, Pazin

Year and place of publication: Bonn, Pazin 2025.

Educational materials were created with the support of the Forest Stewardship Council® - Adria-Balkan region program - FSC® F000100.

An advanced online interactive platform designed for teachers, students, and anyone who wants to learn through play with friends.

Knowledge Box 1

What Is a Forest?

Let's Explore the Forest Ecosystem

4

Living organisms

4

Signs of a healthy forest

4

Powerful forest decomposers: bacteria and fungi

5

Abiotic components

5

A Forest Is Made Up of Trees

6

Parts of a tree and their mission

6

Transport of water and nutrients

6

Photosynthesis and transfer of nutrients

7

Tree growth and development

7

Tree rings

7

Reproduction of trees

8
